

REMARKS

The pending claims recite “a type value associated with each of the plurality of rows of the data structure, the type value identifying a set of one or more columns of the data structure associated with the corresponding row, thereby enabling the set of columns for each of the plurality of rows to vary based upon the type value for that row.” The cited art neither discloses nor suggests varying the columns of a table for each row. Accordingly, Applicant respectfully submits that the pending claims are patentable over the cited art.

If there are any issues remaining which the Examiner believes could be resolved through either a Supplemental Response or an Examiner's Amendment, the Examiner is respectfully requested to contact the undersigned attorney at the telephone number listed below.

Applicants hereby petition for an extension of time which may be required to maintain the pendency of this case, and any required fee for such extension or any further fee required in connection with the filing of this Amendment is to be charged to Deposit Account No. 50-0388 (Order No. ACTUP006).

Respectfully submitted,
